Eyal Artsiely – recommendation.

We, in HOMI, specialize in outsourcing Hotel minibars worldwide.

Few years ago we came up with an Idea, not only did Eyal helped us make it work, but we ended up having a patent on his mechanical design.

The outcome was the HOMI 336, and later on the HOMI 330 computerized minibars, serving us with high fidelity all over the world.

Eyal is very talented and also very reliable, a very rare combination. Having him on board is a guarantee for success.

Sincerely,
